

BUS INFORMATION FOR FULHAM SCHOOL BUS ROUTES

Dear Parents

Every year we review our bus service and we look to adapt the routes based on demand. We try to accommodate all our families. Due to safety reasons only children in Year 2 and above are permitted to use the school bus transportation service. However our inter-school shuttle service can be used by children in Reception and Year 1 as we do have a member of staff on this service.

The cost of transport is **£570** a term for a return journey and **£370** for a single journey. This cost will be added to the end of term bill. The cost of the shuttle bus is **free for parents who have children on both sites**. Please note that **half a term's notice** is required for cancellation of transport.

Please find below a list of our existing chargeable routes:

Inter school shuttle bus

Prep to Pre-Prep and Pre-Prep to Prep. **This route is free for parents who have children on both sites**

The routes will broadly remain the same, however we will aim to accommodate new routes as per demand. These stops can be adapted once we receive all completed forms with names and addresses. To ensure the safety of the children we will endeavour to have a maximum of 6-8 minutes walk to a designated bus stop from any home address.

Please contact transport@fulham.school for more information.
